Yacht Club To Play Host For The G.Y.A. Fish Class Regatta

Observations...

By the Editor

The weather is hot, and the boys running for office are getting hotter and hotter, between old man Sol and the candidates, thermometers are going to start busting in the next few days. The old law-makers who set the time of election in the middle of summer must have had in mind that hot weather would aggravate the candidates a bit, if nothing else would, and to be sure, they were right. The hotter it gets the harder the boys work... but bear this in mind even if you are hot under the collar plenty of us who are candidates are going to be defeated. Every candidate can't win; and if you are among the also-rans, be a good sport and take your defeat with good grace. There may be another day, and too, remember that the opportunity of having an elective system is what has made America great. It is the one privilege accorded every American citizen to vote for the candidate of his own choice; and if you fail to convince the voters that you are the best man for the job you seek, take it with good grace and thank God that you live in America, the country which afforded you the opportunity to be a candidate because you wanted to be, and allowed the citizens of your district, your county or your state to vote, unshackled and free, for or against you... It is a grand and glorious feeling... to be an American.

And now, a word to the voters... If you are over the age of 21 years you should be a qualified voter. To be a qualified voter you must be registered, and you must either have an exemption certificate or have poll tax receipts. Remember that it is you and the many other citizens who are responsible for the conduct of and by their vote control the destinies of this great government. If you have not qualified to vote in this election then you should prepare yourself for the future. Don't put it off. It is only going to take a few minutes of your time. If you are a qualified voter, you should not fail to vote on election day, August 7. You owe it to yourself, to your neighbor and your country to exercise this privilege. If any attempt was ever made to deprive you of this right, you would fight, we are certain, to retain it; and since you have it, you should not assume a nonchalant attitude and grow negligent. Such an attitude by a greater majority of the people of this country may some day be our undoing. So practice it locally; it is one of the best habits to prevent the taking over of our country by those opposed to American ideals. Certainly, a free and unshackled electorate is one of our greatest American possessions. Let's keep it. Be sure and go to the polls August 7, and cast a vote for the candidate of your choice. It is your privilege and your duty.

Florida Man Hurt In Bridge Wreck

Paul H. Dorst of Brandon, Florida, received cuts and bruises about the face when the 1941 Chevrolet club coupe which he was driving, was hit head-on by a 1949 Dodge truck driven by Joseph P. Favre of Bay St. Louis. The accident occurred Friday afternoon one-fourth mile east of here on the highway bridge. Assistant Inspector Joe Wittman and Patrolman Robert Blackwell investigated the accident. They estimated that the car received about \$350 damage; the truck suffered approximately \$10 damage. Patrolman Blackwell stated that Favre's truck brakes failed to hold; and, according to witnesses, Favre pulled into the wrong lane rather than hit a truck in front of him. Mrs. Dorst and son were in the car with Mr. Dorst at the time of the accident.

Red Cross Meets

The Red Cross Executive Board will hold its quarterly meeting at the Hancock County Courthouse Wednesday, August 1, at 10:00 a. m. All members are asked to attend. A political rally and church fair for the benefit of Sacred Heart Church will be given at Dedeaux, Sunday, July 29. Please try to attend.

The first annual GYA Fish Class Regatta at Bay-Waveland Yacht Club will be held Saturday and Sunday of this week.

Three races will be sailed Saturday and two Sunday. Trophies will be presented to the winners. Representatives from every Gulf Yachting Association club will be on hand for the races. Member yacht clubs of GYA are Bay-Waveland, Biloxi, Buccaneer, Fairhope, Gulfport, Mobile, Pass Christian, Pensacola, St. Andrews Bay, St. Petersburg, Sarasota and Southern.

The first race will be sailed at 2:30 p. m. Saturday. The 10:30 a. m. and 2:30 p. m. races Sunday will complete the trio of races.

POTTS JOHNSON SEEKS OFFICE

Potts Johnson, candidate for State Land Commissioner announced his platform this week. Excerpts from his statement are as follows:

"I desire to submit to you for your serious consideration my platform in my candidacy for the office of State Land Commissioner. If I am elected to the office, it will be my aim and purpose to so conduct its affairs that everybody will be given fair and impartial attention. Accuracy and dispatch should be the cardinal principles in the handling of each individual case.

A large number of people are forced to travel a long distance in order to adjust and clarify the titles to their lands, and courtesy and promptness should be regarded.

I was born in Crystal Springs, Copiah County, Mississippi, 45 years ago. I attended high school at Crystal Springs and was graduated from the University of Mississippi in 1925 with the B. S. degree, and in 1926 I received a degree in Business Law and Business Administration from the same school.

In December 1939, I was married to Miss Mary Mead, the daughter of Mrs. John A. Mead and the late Dr. Mead of Hattiesburg, formerly of Logtown, and we have two sons.

I earnestly hope that you will give consideration to my application for this high position in our hands and vote for me. I promise that I will do all in my power to serve you in a manner which reflects honor to myself and my family.

Yours for a greater Mississippi,
POTTS JOHNSON

Progress... Youth Center Goes Over Quota

ME C Legislative Group Holds Meet

Members of the legislative committee of the Mississippi Economic Council held a meeting in Jackson July 26, MEC President Frank E. Everett, Jr., of Vicksburg, announced.

Dan M. Russell Jr., of Bay St. Louis is a member of the committee.

"One of the MEC's most important committees is the one on state legislation," Everett said. "This is true because sooner or later any program affecting the welfare of our state involves legislation."

The committee met at 10:30 A. M. in the Victory Room Foyer of Hotel Heidelberg, with a luncheon at 12:30.

Celestin To Play At Yacht Club

Residents of the Bay-Waveland Yacht Club, Lakeshore area are in for a treat on the evening of Friday, August 17, when Papa Celestin and his band will play at the Yacht Club, under the auspices of the Women's Auxiliary.

Papa Celestin's fame is world wide; not only does he attract record crowds wherever he goes, but no one of any importance ever comes to New Orleans without spending at least one evening listening to one of the world's greatest exponents of jazz.

Whether you want to dance, or whether you just want to sit around on the cool wide porches of the Yacht club and listen to music which has already made history, be sure to be at the Yacht club August 17.

Admission is \$2.00 a couple and the general public is invited. This is not limited to members of the Yacht club.

Contributions soared the past week to bring the total amount now collected for the Bay St. Louis Youth Center over the designated quota of \$1,000.

Sixty-eight dollars and fifty cents was collected the past week to bring the Teen-Age Club donation total to \$1,011.

The board of directors, the directors, Mrs. B. R. Nobles, and the Youth Center officers are happy to announce that with this money they will be able to keep the club open to the youth of the Bay and area, and will be able to go ahead with improvements for the organization.

The governing board is composed of Mrs. J. R. Shadoin, Mrs. Ernest Yates, Mrs. S. J. Mauffray, Mrs. E. P. Laroux, Mrs. Robert Kerosien, Mrs. Robert Camors, Harold Weston, Charles Breath, Dick Thames, Mrs. Sam Whitfield, Mrs. J. W. Dupaquier and Mrs. Horatio Favre.

Red Cross Offers Life Saving Course

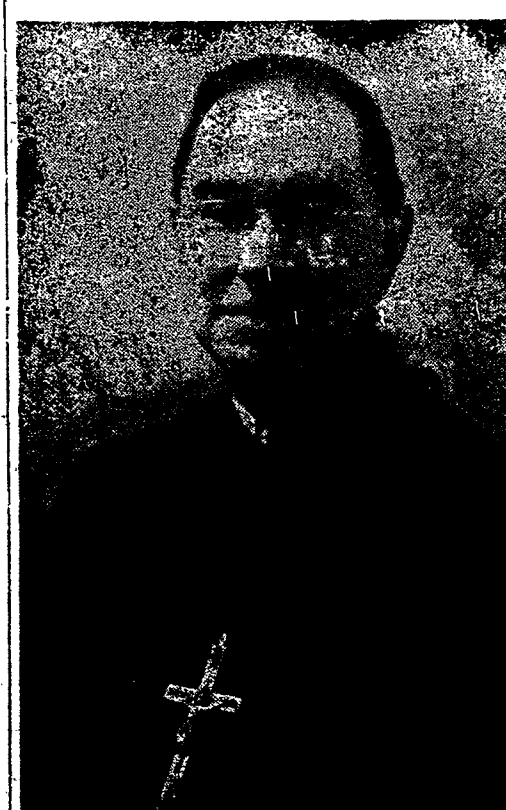

All those wishing to take Red Cross Life Saving courses this summer are asked to make arrangements with Miss Nannette Arceneaux by phoning 382 before Monday.

A class in Junior Life Saving will be conducted for boys and girls 12 to 16 years of age. A Senior Life Saving course will be offered anyone 17 or over.

Brother Celsus Named President Of Stanislaus

Brother Martin, provincial of the Brothers of the Sacred Heart, announced this week the assignments of the brothers for the coming year.

Major changes include the transfer of Brother Alexis, president of St. Stanislaus for the past four years, to the head of the Scholasticate, Springfield, Mobile, Alabama. Brother Celsus, principal of St. Joseph's in Muskogee, Oklahoma, will take over the presidency at St. Stanislaus this year.

Brother Alexis, S. C.

Brother Alexis was elected president of the Secondary School Department of the National Catholic Educational Association for 1951. He was vice-president at S. S. C. from 1936 - 1942 and returned to Bay St. Louis in 1948 to take over the reins of the school. Brother Celsus served here in 1918 to 1919, returning to teach from 1921 - 1924. "I want to see good athletic teams here - the best in the South" the new principal stated in an interview Tuesday.

Another change that shocked the residents of Bay St. Louis was the removal of Brother Romuald, music director at the school for the past 19 years. Brother Romuald was appointed principal of the Catholic Boys Home in Mobile.

Brother Romuald organized the presently constructed band in 1932. His first contest band appeared in 1936 at which time it won superior ratings. Since then the St. Stanislaus Band has gone on to prove itself one of the finest in its class. Brother Romuald also served at the local school in 1924, '25 and '31. Brother Martial was appointed to replace him.

Ross Barnett To Speak Here

Ross Barnett, outspoken champion of a "Master Plan of Progress for Mississippi," will speak at Bay St. Louis at 11 a. m., Wednesday, August 1.

The 52-year-old attorney, farmer and business man is stumping the state on a 23-plank platform designated to coordinate agriculture with industry and business with commerce.

"A planned platform, instead of a pile of planks, is necessary for the development of the state," Mr. Barnett told his audience. "My platform is based on the needs of the state and its citizens. It does not embrace the selfish interests of any one group. It is designed to bring justice to people of all walks of life and at the same time further the progress of all trades and professions.

"We must plan for the future," Ross Barnett said. "We cannot look to the past, nor can we scoff at the future. We must step up our agricultural and industrial programs. We must rebuild the soil. We must use our natural resources in Mississippi, instead of letting them go to other states for the benefit of those citizens."

A political rally and church fair for the benefit of Sacred Heart Church will be given at Dedeaux, Sunday, July 29. Please try to attend.

Miss Gay Curet, daughter of Mr. and Mrs. George Curet of Kiln, after completing the required course, was graduated from Hotel Dieu's school of nursing.

She is now at home on a three weeks vacation, after which she will return to Hotel Dieu where she has accepted a position.

The League of Women Voters will have a Motor Service Corps to take anyone to and from the polls on election day. Either Mrs. Leo Seal, at 164, or Mrs. J. B. Goldman, at 245, will, when called, make the necessary arrangements.

WHAT PRICE A VOTE

Most Mississippians were profoundly shocked during the recent job sales investigation.

It was suggested that one—or perhaps two—candidates in the approaching election were to be assisted, if possible, by the Truman-controlled National Democratic party.

The one—or perhaps two—candidates, if they have been sought out, will no doubt receive over 50,000 votes here in Mississippi—the stronghold of "grass roots" government.

That means 50,000, or more Mississippians will endorse FEPC, general election reforms, discontinuance of separate public schools for Negroes and a full-fledged civil rights program.

Another 10,000 Mississippians will cast their vote in favor of democratic principles, and a vote controlled by professional politicians.

Another several thousand Mississippians—usually intelligent people of logical convictions—will cast their vote on the basis of friendship and favors.

We have seen the great weakness of friendship and favors for the present primary and the general election. It is a weak link, deep freeze, RFC corruption, needless expense and others too numerous to mention.

Our national government and its actions are simply the reflections of the mass American public. Whatever occurs in Washington is done because most Americans condone such actions.

We have become nauseated by lack of leadership and ability on the national level. Yet we create the opportunity for such pettiness and decadence here at home.

There is one candidate for Governor of Mississippi who is immune from these classifications of human weakness.

There is one candidate who has proven his ability as a progressive leader and statesman.

There is one candidate who has not stained the white armor of public confidence.

The voting population of Mississippi could save many dollars of needless expense by analyzing each candidate from the standpoint of proven ability, true leadership, political record, and moral strength.

If Mississippians will thoroughly analyze the contenders for Governor there will be no need for a second primary.

There will be a richly deserved first primary landslide for Hugh White—Mississippi's outstanding statesman, capable, experienced, and well-worthy of the fullest measure of public confidence.

Sponsor a dance on Friday, August 17, with music by Papa Celestin's Band. Papa Celestin is well known in this part of the country and we urge everyone to start making plans to attend by making their reservations as early as possible. We know that everyone who attends is in for a real treat.

Big Bad Bear

It sometimes seems that the main object of the Federal Government is to put fear in the minds of its citizens. In the depth of the late depression, spokesmen for the Government fed the people defeatism. The United States, they said, had shot its load, free enterprise was doomed and only a controlled economy could save us. So the alphabet was exhausted in the creation of bureaucratic agencies to meet a serious situation.

And ever since it's been one national emergency pursuing another, one economic crisis chasing another around the stump.

Now we have two "bogey bears" to scare us, either of which might destroy us—Inflation and Russia. And the only way we can lick these enemies is for the Federal Government to have higher taxes, tighter controls and more power over the people. If we aren't put in some kind of federal straight-jacket, they tell us, our economy will crack. For the first time in American history, our generation feeds on fear. We're being told by those in authority that the Russian Bear is bigger and better than the American Eagle. We must do this and

that and so and so or Russia will trim our claws and clip our wings. We no longer have the strength or ingenuity to put a ring in the Bear's nose.

Yet, we are told, we have the most powerful, resourceful and patriotic people. We have everything it takes to bust the world wide open should we take the notion—planes, atom bombs and deadlier ammunition. Our free enterprise system is the greatest single weapon known to mankind. We can out-produce and out-fight any nation on earth. We ought to be able to scare the living lights out of Russia.

Isn't there some one in authority who can tell the world we aren't afraid of anybody or anything, some one who can tell us to suppress our fears, subdue our inferiority complexes and press on to preserve our freedom and realize upon our manifest destiny? Provided with courageous and enlightened leadership, given the encouragement to strive and venture, America's Golden Age is still an achievement of the future. America isn't finished, she's hardly started. Let's tell the world Uncle Sam's no "fraidy cat."

Albert D. Biehl

Candidate For
Representative
Hancock County

My ambition has always been to serve the people of HANCOCK COUNTY and if I am elected to the HOUSE OF REPRESENTATIVES I pledge myself to do all I can for the good of our community.

I was born and raised in this community and know the needs of this County.

I have outlined my program and if I am elected I pledge myself to work for the following.

- 1st. To vote for a more liberal old age pension.
- 2nd. To see that the Bay St. Louis Bridge will be toll free.
- 3rd. To get more efficient schooling for our children. Free Lunch.
- 4th. To get better living wages for our school teachers, bus drivers, and all county and state employees.
- 5th. Not to allow any more taxes, and to have the present taxes reduced.
- 6th. To get more financial help for Hancock County, from the state.
- 7th. To get a veterans bonus for our servicemen.
- 8th. To get state financial assistance for a charity hospital in Hancock County.
- 9th. To get state aid for our seawall and public roads.
- 10th. I will try to bring industries to our coast to give employment to our community.

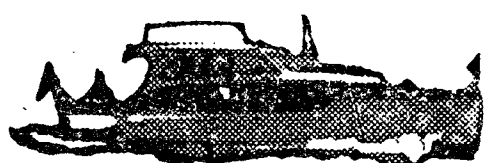

I will appreciate every one's support and, if I am elected I will do all in my power to carry out my promises to the people.

Yours for better government,

ALBERT D. BIEHL

Fleet Blessing To Be Held At P C Y C

Last year the Pass Christian Yacht Club sponsored the first large fleet blessing at the pass. Over 500 attended the blessing and the open house at PCYC that followed, and hundreds more enjoyed the lugger races.

The club will again sponsor the blessing this year. It will be held August 5. Yacht club boats numbers believe that this event can be built into one of the largest attractions on the coast, not just for the good of the club, but for all of Pass Christian.

Prizes are needed for the various lugger races. The local civic clubs give all they can toward these prizes but any cash donations for this purpose will be much appreciated.

Mrs. A. R. Stringer and her young daughter, Sue, of Jackson, Miss., are spending a two weeks vacation with Mrs. Stringer's sister Mrs. Edie Newise, in her home on East Second St.

Thursday evening following power meeting, a watermelon cutting was given at the home of Mrs. Bish Mathis entertaining Mrs. Stringer.

Other home guests at the watermelon party included Mrs. Louis Fabian's mother and aunt from West Virginia, who are visiting the Fabians.

Albert Andersen, Radman 2 C U. S. Navy, arrived home on leave Saturday evening from Norfolk, Virginia.

Albert is serving aboard the U. S. S. Randall and is the son of Mr. and Mrs. Albert Andersen, 511 East Second street.

WHARTON-KITCHINGS ENGAGEMENT

Mr. and Mrs. Frank Wharton, of Pass Christian, announce the engagement and approaching marriage of their only daughter, Miss Ann Wharton, to Ben Judson Kitchings, son of Mr. and Mrs. A. A. Kitchings, of Clinton, Mississippi.

The wedding will be solemnized on August 18th.

Miss Betty Farragut has accepted a secretarial position with Woodward Wight Company in New Orleans.

Miss Farragut will reside with her sister, Mrs. E. C. Vix in her New Orleans home.

Verne Griffin has returned to

duty at Denver, Colorado, where he is stationed in the U. S. Army, following a visit with his sister, Mrs. Thomas Pavolina, Route 1, Pass Christian, and his cousin, Mrs. Charles C. Farragut, Church street, Pass Christian.

Mrs. M. J. Fuller, of New Orleans, Louisiana, spent last week-end visiting her former neighbors and friends in the Pass.

Mr. and Mrs. Fuller formerly resided in the Harry Wittmann home on Davis avenue, at which time Mr. Fuller managed the Moonlight Drive In theatre.

YACHT CLUB NEWS

PASS CHRISTIAN

The race week regatta held this month was the most successful in years, with a wonderful crowd of visitors and the membership turning out en masse to the races, dinner and dance.

There was plenty of activity last month for both seniors and juniors and each dinner dance was attended by over 125 members and guests, and over 100 for the women's auxiliary lunch.

The membership of the club continues to increase with the total now standing at 244 seniors, 123 juniors, 28 associates and 2 sailing wives at the present time.

An addition of two raven class yachts has been made to the Pass Christian fleet. John Bell and Maurice Hartson are building slips to moor their boats and will race here every weekend.

The club house has not been painted on schedule because of the illness of the contractor, but it will be done in the very near future. The steps are being repaired and cat walks along the pier are to be installed.

The race committee has appointed a board of appeals, to which anyone can appeal a decision of the local race committee. This Board consists of Jack Kerrigan, chairman; Robert DeMetz, C. B. Merrick; and A. B. Tipping. All appeals will be handled in strict accordance with N. A. Y. R. U. rules.

The schedule for the coming month is as follows:

Saturday, July 28, there will be a dinner from 6:00 to 8:30 p. m. Reservations should be made early.

The night of the 28th a Square Dance for the senior members will be held with an exhibition given by the "Go-Getters" from Louisiana, who will help members with their squares.

The Fish Class dance, which is an annual affair sponsored by the Fish Class Committee, for the sole purpose of maintaining the clubowned boats. Last year enough funds were raised to buy a complete set of sails. This year the club wants to set aside the funds for repair and replacing gear as needed. By having this fund available there will be no great drain on the general fund for fish class upkeep.

This is a civic affair. Members and guests attending the Giant Raffle Dance held at the club Saturday night included: Mr. and Mrs. George J. Tessier, Capt. and Mrs. K. C. McIntosh, Mr. and Mrs. Ernest A. Tobin, Mr. and Mrs. E. Lyle Asschaff, Mr. and Mrs. E. A. Lang, Mr. and Mrs. J. C. Cooper, Mr. and Mrs. Roland F. CONTROLS

In September 1950, shortly after the Korean outbreak, the Administration asked the Congress for limited controls in order to prevent the spread of inflation which had already gained momentum as the result of increased demand for domestic products during World War II, plus the inflation caused by foreign aid. We were among those members of Congress who dislike controls, remembering the O. P. A. days, but who, nevertheless, felt that we were in for a long struggle with Russia. Moreover, we were among those members who felt that the President did not ask for strong enough controls. Therefore, we joined hands with other members of the House in giving the President stronger controls than he demanded, at the same time leaving the matter largely discretionary as to when he should make them effective. During the debate on that bill we made our position clear when we said in part as follows: "As distasteful as controls are to a free people we must become realistic and provide for all out controls of our economy. We should see to it that these controls are across the board, remembering our experience in the last two wars, that one segment of the economy cannot be controlled

without the other. Wages, prices, and inflation must be controlled and the other left untouched. If the administration does not see fit to use the machinery which the Congress has authorized for that purpose, then we can mandatorily provide for such controls."

The Administration did not see fit to exercise the power that was given it and the result was an ever mounting increase in the cost of living. But in recent months the Chief Executive has been demanding new and increased powers in an effort to stop inflation. The Chief Executive in a recent speech, while wrongfully blaming Congress for the existing situation, at the same time made a very strong and true statement to the effect that inflation was a greater potential enemy than Russia. We have been contending the same thing for more than a year.

The Senate, a few weeks ago, enacted what we regard as a very insufficient and ineffective bill. The House for the past two weeks has been debating the Administration's bill, which we personally also regard as insufficient in that it does not provide for across the board controls. There were many other members of the House who felt the same way that we did about it and some of us got together and agreed upon the Davis amendment which would provide for placing a ceiling upon the price of commodities, wages, salaries, and other forms of compensation as of July 7th for a trial period of four months. We would like to have gone back to last September, but this was found, would require too many complications in administration and result in an inequity of sacrifice on

the wage earner, the producer, and the retail merchants. This amendment was passed by the House by a vote of 180 to 151 over the Administration's protest.

Disliking controls as much as we do, but believing as we do that across the board controls is the only way to meet the situation, we earnestly supported this amendment. Particularly do we think that it is wise and sound in view of the fact that within the four month period, which the amendment provides, we will have an opportunity to see how it works. If it does work it can be extended and if it doesn't work it expires. This is true notwithstanding the fact that Administration leaders have charged those who sponsored the amendment with insincerity; charged that the amendment was a substitute for the bill, and charged that it was a coalition between Southern Democrats and Northern Republicans. It provides at least that prices and wages can go no higher. It does not prevent them from going down. It is something that the average housewife can understand and does not offer the opportunity for favoritism and inequities which the Administration bill does. In other words, it provides for an equality of sacrifice on the part of all our citizens.

However, since the Administration has signified its intention to oppose this amendment all the way, our guess now is that it will be sidetracked or at least compromised somewhere along the route over which the bill must pass before it becomes law. Of one thing we may be sure: any control bill that is finally enacted is bound to have inequities and injustices. It is impossible to place the economy of this country under Controls without them. The people of America don't like regimentation. We only go along with it only where we feel in the interest of the country we must.

—Mrs. Norton Haas has completed a specialized course in welfare work at Louisiana State in the Hancock County Welfare university and is again at her desk office.

WARNING!!!

"JUST A REMINDER TO MY FRIENDS"

The "VOTERS" must remember that usually about 3 weeks before election, a small click of TWISTED MINDED POLITICIANS start their whispering, propaganda campaign. I have already heard some very silly and ridiculous things said about me. Why don't these propagandists put their DEMORALIZING STATEMENTS in print, publish them in the paper and sign their name? Then you can either believe it or I would have a very nice law suit against some smart alecks. Everything I have had to say about anyone or anything concerning my candidacy for election has been in print. If I have erred I stand ready to be corrected.

I have always been an INDEPENDENT CANDIDATE and OFFICE HOLDER, as my records definitely prove. Everyone knows that I am not obligated to any individual, group or groups of politicians, and that I have sufficient financial means whereby I can be independent and most definitely cannot be bought over, as the past has proven. I SOLICIT THE SUPPORT AND VOTE OF ALL CITIZENS.

Regardless of what people say, MY FRIENDS will consider the source and judge and analyze those statements, before believing. MY ENEMIES will gladly accept any bad statements they hear for being true, and will gladly exaggerate and pass them on to others.

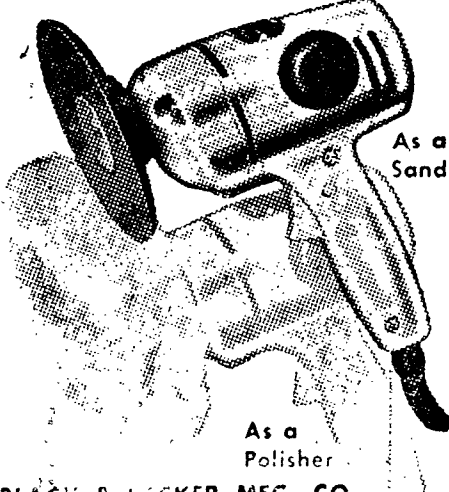

Sincerely for re-election

HAL S. DUMAS RESIGNS AS PRESIDENT OF SOUTHERN BELL

Hal S. Dumas, President of Southern Bell Telephone and Telegraph Company, today resigned that position to accept the position of Executive Vice President and member of the Board of Directors of the American Telephone and Telegraph Company with Headquarters in New York. Dumas will assume his new duties immediately.

In the capacity of Executive Vice President, Dumas will be closely associated with the President of the American Telephone and Telegraph Company in the overall operations of the world's largest business enterprise which has over 600,000 employees and assets of 11 billion dollars.

Fred J. Turner, of Atlanta, Southern Bell's vice president in charge of Public Relations and Finance, was elected to succeed Dumas.

A nationally known communications executive, Dumas brings to his new position a wealth of diversified communications experience and an outstanding record as an effective administrator gained in 40 years of service.

He has been President of Southern Bell for the past eight and one half years, a period affected by the intense activity occasioned by the war and the tremendous adjustments of the postwar era. It was during this period that the company achieved its greatest growth, doubling in size and extending its service not only to millions of new telephone users in cities and towns but to far flung areas of the hitherto un-reached rural South.

Born September 19, 1892, at Macon, Georgia, Dumas was graduated from Alabama Polytechnic Institute, Auburn, Alabama, in the Class of 1911. Upon his graduation he joined Southern Bell in Atlanta as a student in the Traffic Department.

In 1934 he became assistant to the operating Vice-President. In 1935 he was appointed Assistant to the President, and in 1936 became General Plant Manager. In 1938 he was advanced to the position of Vice-President in charge of Operations, the position which he held until he became President on January 1, 1943.

Dumas finds time to take part in public-spirited enterprises of his community and is an outstanding civic leader. He is National President of Telephone Pioneers of America and President and Member of Governing Board of the Capital City Club in Atlanta. He is active in the Atlanta Rotary Club, Chamber of Commerce, Community Fund, Red Cross and similar public-spirited organizations, having held position of leadership in these and others. At present, he is a member of the Board of Trustees of the Atlanta Community Chest, and YMCA and YWCA.

He is a member of the Regional Executive Committee, Boy Scouts of America for the Southeast, and is also on the Advisory Committee of Girl Scouts of Atlanta and a member of the Atlanta Advisory Committee of the Salvation Army. Dumas is a Director of the First National Bank of Atlanta, a Trustee of the Campbell Foundation and a member of the Executive Committee, Georgia Chapter, National Foundation for Infantile Paralysis, and is also a director of junior achievement. He is a member of St. Luke's Episcopal church and of the American Legion.

Active in music circles, he is Director of the Atlanta Symphony Guild and is a trustee of the Atlanta Music Festival Association. He is a member of the Piedmont Driving Club, the Peachtree Golf Club, and the Ten, a Club of Business Executives.

He is closely identified with Auburn Alumni Affairs, being President and Trustee of the Hazlehurst Student Aid Fund, a Foundation which renders financial assistance to worthy students.

Like his predecessor, Turner has a wide background of telephone experience which qualifies him admirably to direct the management of the South's largest corporations. In the tradition of telephone service, he has risen from the ranks to positions of increasing responsibility in nearly 44 years of varied assignments.

Since 1944, he has had active direction of the Company's financial affairs, including the financing of the greatest service improvement and expansion program in Southern Bell's history. Turner also has been closely identified with the company's public information activities for many years and for the past several years has been in charge of public relations, in addition to his financial responsibilities.

He is a native of Atlanta, Georgia, and entered the telephone service in that city. Later he served in the company's offices in Miami and Charlotte. In 1926, he was appointed commercial supervisor in the company's general headquarters in Atlanta, and later was placed in charge of Commercial Operations in North Carolina and South Carolina as Carolina Manager, with offices in Charlotte.

After filling this post with outstanding ability, he returned to Atlanta, in 1933 to direct commercial activities for the company's entire nine-state area, in the position of General Commercial Manager.

From this position he was elected Vice-President in charge of Public Relations in 1943, was elected to the company's Board of Directors in 1944 and later that year, assumed direction of finance as Vice-President-Finance in addition to his Public Relations duties.

Turner is well known throughout the South, not only among telephone people but among civic and business leaders.

In his native city and state, he is actively engaged in civic affairs. He is President of the Atlanta Kiwanis Club, Vice-President of the Atlanta Chamber of Commerce, a Director of the Fulton National

Bank and a member of the American Legion.

He has held positions of leadership in the annual campaigns of the Red Cross and the Community Chest and was Georgia State Director of the March of Dimes in 1950. During World War II he was active in the United War Fund and War Finance Committee. He was an officer of the Regional Committee for Economic Development in the years following World War II.

Turner is a member of the Capital City Club and the Peachtree Golf Club.

If You're Handy— This Is Dandy

When one of Biff Morgan's mechanics got called back into the Army, and the other went to work in Chicago, he figured he'd have to close up his auto repair shop.

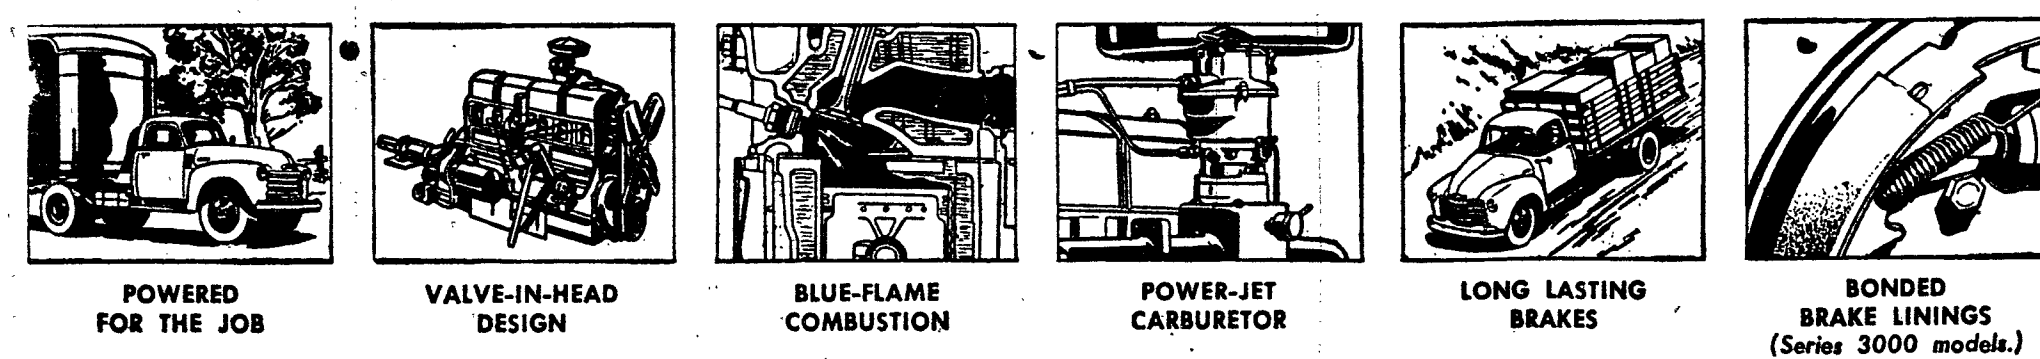

Then Biff got an idea. He sat down and then opened with a big sign in the window. It read: "Serve yourself! Repair your own car or truck... use my tools and equipment. Only \$1 an hour!"

He made a half-dozen stalls—each one all set for a person to come in and fix his own car. If one of his customers finds the job tough, Biff is glad to help

out. Business is booming—even some of the ladies have tried their hand as small repairs! From where I sit, this "do-it-yourself" idea is typical of how people around here use their own initiative. Take the way the beer retailers voluntarily co-operate with the Self-Regulation Program sponsored by the Brewing Industry. They all work, individually, to keep their place of business clean and orderly—keeping them in top "running condition."

By - Gone Days Cardinals To Hold Tryout Camp

By LARRY SCHARFF

IN THE SEA COAST ECHO FIFTY YEARS AGO

Secretary O'Brien of the B-W YC will call on the business people next week for the annual regatta subscriptions. Next Saturday will mark the fifth annual regatta at the Club. While other towns along the coast have several days of racing as compared to our one, still, in every feature, our regatta is second to none.

TWENTY-FIVE YEARS AGO

The Board of Supervisors has called a special election to be held Saturday, August 10, to vote on a proposed bond issue to defray the cost of building the Waveland driveway and to further build seawall on the north end of Bay St. Louis and the south end of Waveland, thus permanently protecting all the shoreline of the county facing the water. In this way the interior of the county will benefit appreciably since this stretch will be enhanced in value and share in proportion the discharge of tax obligation.

TEN YEARS AGO

Barbers in the Bay announced the price raise of both the shave and hair-cut. The price of a shave has been raised to 20c and a hair-cut now costs 35c. Both services have been raised a nickel.

FIVE YEARS AGO

Major General John C. Persons of Birmingham, Alabama, Commanding General of the 31st "Dixie" Division during World War II, recently spoke in Jackson, Mississippi, on reactivating the National Guard of Mississippi.

The 31st Division in World War I was composed originally of men from the National Guard of Mississippi, Alabama, Florida and Louisiana. In the reactivation of the Guard, only troops from the states of Mississippi and Alabama will compose the 31st, which again will be commanded by Major General Persons.

Mr. and Mrs. Mac Badon and family, former Bay St. Louis residents, of McComb visited friends here Monday.

BILOXI, MISS.—"Are there any potential major league ball players here?" is the question that veteran Red Bird scouts Jack Sturdy and Buddy Lewis will be asking themselves when the St. Louis Cardinals conduct their tryout camp at Biloxi High School Field on July 30 and August 1.

In the tryout camp at Biloxi, which is one of many such camps conducted throughout the country by the Cardinals, the scouts will be looking for the natural ability which can be developed into the smooth perfection which is required in the majors. They will watch each aspirant go through his paces, throwing particularly his fielding, throwing, hitting and base-running. Those who are judged by the scouts to be future big league material will be signed to one of the 15 teams of the famous Cardinal farm system. There they will develop, through the top-notch coaching and invaluable experience of the minors, into seasoned ball players. The best of these will become the major league stars of tomorrow, when they will be more than amply rewarded for their previously expended effort.

The tryouts will begin at 11:00 A. M. each day for all interested between the ages of 17 and 23. All those who plan to attend are asked to bring their own shoes and gloves, and uniforms if possible, as the Cardinals do not furnish this equipment. Any expenses incident to attending the camp will be refunded to all players who are signed to contracts by the Red Bird scouts.

Mr. and Mrs. Bernard Farrelly had as their guests over the weekend Mr. and Mrs. Henry Spang and Mr. Spang's mother, Mrs. D. P. Spang, from McComb. Visiting the Farrellys Saturday evening were Lt. and Mrs. Henry Spang II, from Kessler AFB.

Mr. and Mrs. Clarence Weiman and Mrs. M. Siquet, of Houston; and Mrs. G. W. Dietlein of New Orleans were guests of Mr. and Mrs. R. L. Mitchell last week.

Call Upon County Manufacturers To File Controlled Material Requirements

Manufacturers of Hancock County who come within the provisions of the Controlled Materials Plan of the National Production Authority, United States Department of Commerce, have been called upon to file their requirements for steel, copper and aluminum for the fourth quarter of 1951, by July 31, according to information received here from Merrill C. Lofton, Regional Director of the Commerce Department in Atlanta.

Application forms for the filing of the requirements have gone forward to some 50,000 manufacturers over the country who are directly affected by the Controlled Materials Plan, but there may be a number who may not receive the forms with instructions as to execution, Mr. Lofton pointed out. Those not receiving the forms should apply to the nearest field office of the Department of Commerce.

According to the Commerce Department officials, all manufacturers of products listed in the so-called "official CMP Class B product list" as revised July 1 must file the applications. This list is also available at Commerce Department field offices. Consumer durable goods manufacturers who were not previously required to file must now apply, it was explained.

Manufacturers whose requirements are small will be permitted to file their applications with two Department of Commerce offices in the Southeast designated to receive such information, including the regional office in Atlanta and the district office in Birmingham.

Those manufacturers of Hancock County whose requirements for any quarter from October 1951 to September 1952 exceed minimum quantities, as set forth in the instruction sheet, however, must file in Washington.

Applications must state all requirements for steel, copper and aluminum they expect to use during the fourth quarter of 1951, Mr. Lofton said. Anticipated requirements for those materials for the

first, second and third quarters of 1952 also must be included.

More controlled materials than the amounts provided for in authorized allotments may not be used, it was stated, and in cases where outstanding orders for the fourth quarter are more than the allotments, excess orders must be cancelled, Mr. Lofton added.

IT HAPPENS EVERY DAY IN MISSISSIPPI

Help in Chopping it Out!

Today with more than 4 times as many rural telephones in Mississippi as there were on January 1, 1946, every rural telephone has become more valuable!

That is a fact that rural telephone users are quick to discover, for the more telephones there are in a community, the easier it becomes to get help quickly in case of fire or sickness, or to secure extra workers to assist in gathering out cotton or in gathering a perishable crop.

And Southern Bell has been giving rural Mississippians more telephones from

the time materials first became available, late in 1945, right up to now. In the greatest rural expansion program of our 65 years in the State, we spent more than 7½ million dollars to add over 27 thousand new rural subscribers, reaching a new total for Mississippi of approximately 36 thousand subscribers as of June 1, 1951.

Last year we reached a new high by adding 6533 new rural telephones in Mississippi. This year we hope to do even better! Provided national defense does not demand too much of the materials we need, and provided our earnings continue to satisfy investors and thus attract the required capital, we will supply Mississippians with approximately 7000 additional telephones in 1951.

HOME AGENT'S NOTES

Miss. Demonstration Council Elects

By MISS MADGE ALLRED

Mrs. John Hancock of Rt. 3, Vicksburg, is the new president of the Mississippi Home Demonstration Council.

She was elected to succeed Mrs. S. D. Cynn, of Brandon, during the annual State Council meeting at State College last week. More than 500 home demonstration club members attended the meeting held during the annual Farm and Home Week Program.

Mrs. Hancock has been active in home demonstration club work for ten years. She is a member and president of the Villa Nova Club in Warren County. Working with the Warren County Home Agent, Mrs. Hancock helped organize this club in 1949.

She has held every office in her local club and has been president and vice president of her County Council. She served as junior and senior director of the State Council from the southwest district. For the past two years, she has been chairman of the Program Planning and Study Course committee of the State Council.

Mrs. Hancock has a family background in home demonstration work. Her mother is active in Hinds County club work, and two of her sisters are former home demonstration agents. During the World War II years, Mrs. Hancock served as assistant home demonstration agent in charge of city gardens in Vicksburg.

She was a member of the first Tomato Club in Hinds County. These Tomato Clubs were the forerunners of the present-day home demonstration clubs and 4-H Clubs. In 1950 Mrs. Hancock was southwest district winner in the food preservation contest.

STUDY TOPICS FOR 1952
The study topics as recommended by the Study Course and Program Planning Committee and adopted by the voting delegates of the State Council for next year were:

January—Study the State and County Council Constitutions; study parliamentary procedure.

February—Outlook; Inheritance law in Mississippi. March—Needs and interests of the family: The contracting family. Young adults. April—How can a community provide adequate medical service?

May—Mental health as affected by nutrition, housing, early training of individual and other outside influences. June—Women of the world and their place in government.

July—Study at least one country from this group or any Asia: Japan, China, India, Tibet, Korea, Iran, Iraq. August—Vacation Month. September—The progress of the Negro in your county in profession, schools, property ownership, business.

Two months, October and November, were left open to give clubs more time to take up local interests and needs.

CITIZENSHIP

The recommendations of the Citizenship Committee, the newest among State Council committees, as approved included:

1. That all home demonstration club members pay poll tax, register and vote.

2. That every home demonstration member be informed concerning the platform of every state and county candidate.

3. That members study the Constitution of the United States, and learn the pledge of allegiance to the U. S. flag, the pledge to the Christian Flag and to the Bible.

4. That members help promote good citizenship in 4-H Clubs and urge more recognition of 4-H Club work in schools.

5. Work toward interesting all women in assuming their responsibilities as active and informed citizens and to cooperate with organization in stimulating better citizenship.

6. Each member study and practice conservation of natural

CIVIC GROUP HOLDS BENEFIT DANCE

The Lakeshore Civic Association will hold a dance this coming Saturday night for the benefit of Jeff Bosarge, who is critically ill in Veterans Hospital, Gulfport. Mr. Bosarge has been in a serious condition from a heart ailment for several weeks.

Saturday afternoon Mr. G. D. Bennett of New Orleans was seriously injured when he lost control of his car near the residence of Mr. and Mrs. Malcolm Green. The front end of his car was completely wrecked.

He received a severe cut over his left eye and multiple bruises. Mrs. Green administered first aid. Mr. Bennett was taken to Kings Daughters hospital in Bay St. Louis, where it was necessary to take ten stitches in the cut over his eye.

He was returning to his father-in-law's fishing camp when the accident occurred.

Friday morning Mr. and Mrs. George Hose, Jr., of Lakeshore became the proud parents of a son, born in Kings Daughters hospital.

Mr. and Mrs. L. V. Strickland and sons of New Orleans spent the week end with Mrs. L. Villimil. They enjoyed a day of fishing from the camp of William Spence and son.

Mr. and Mrs. Gene Jackson of Keesler Field and Lakeshore left Friday night for Chicago, Illinois. While in Illinois the Jacksons will visit his mother and other relatives.

Mr. and Mrs. Alfred Stoufflet of Baldwin Plantation spent Sunday afternoon as guests of

resources as soil, forests and water, and human resources.

their son and daughter-in-law, Mr. and Mrs. Milton Stoufflet.

Mr. and Mrs. F. DiTrapani visited here from New Orleans over the week end.

Mr. and Mrs. Graham, former Lakeshore residents, motored over from New Orleans Saturday afternoon.

D. F. Shipley of Toulon, Maryland and J. M. Brandt of Upper Falls, Maryland, made a record catch of speckled trout Saturday at Sportsmen's Lake. A red fish that weighed 17 pounds was also caught.

Little Nora Barthold celebrated her fifth birthday Thursday afternoon at the home of her grandparents, Mr. and Mrs. Ernest Carco. Table decorations were carried out in the Hop-a-long Cassidy theme and the children present played games and enjoyed cake, ice cream, candy and soft drinks.

Friday Mrs. John L. Hourbeight made a business trip to New Orleans.

Wednesday night a group in Lakeshore gave a frog supper for Nellius Rhodes of Bay St. Louis.

Visitors to the Civic Hall Saturday night included Mrs. Ruth Rhodes of New Orleans, and Mrs. Corrine Capers, Lily Kravky and Albert Heitzmann, Sr., of Bay St. Louis.

Irvin E. Green, Jr., young son of Mrs. Malcolm Green has been named the sole beneficiary in the will of his late grandmother, Mrs. J. K. Green of St. Louis, Missouri, who passed away in that city June 12. Executors estimate the trust fund will be forty thousand dollars, after inheritance taxes are deducted. Irvin will receive the trust fund when he enters college or reaches his majority.

"Light...neighbor, and hitch"

Homely, all but forgotten words of welcome that were a regular Mississippi greeting a half century ago. And yet that same characteristic, traditional spirit of Mississippi hospitality is a major reason for the rapid development today of industry in general and the oil industry in particular within our state.

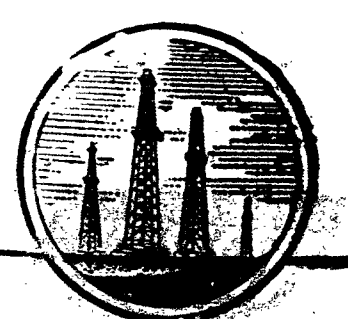

In the action-packed, eventful years since oil was discovered in 1939 a young industry has grown to important stature. Today more than 1650 producing wells and two refineries are contributing wealth to the economy of the state. Today more than \$15,000,000 is being distributed annually to the 5,000 men and women on the oil and gas industry's payroll. Today the industry is paying \$10,000,000 a year in state and local taxes. Today the expansion and development program, costly as it is, surges ahead without pause.

This record of achievement would never have been written had it not been for the cooperative attitude of the people of Mississippi toward an industry which has invested multiplied millions of dollars in developing our mineral resources.

Mississippi said to its oil and gas industry—"Light, neighbor, and hitch," and this cordial welcome has come back in the form of more jobs, more payrolls, more tax revenue and increased prosperity for everyone.

Each year forest fires burn an average of 30 million acres of woodland in the U. S. equal in area to Maine or Indiana.

People cause most of these fires—careless people with campfires, matches and cigarettes, and even malicious people too.

Today we need trees more than ever before in our history because wood is used in more than 4,000 different ways in our daily lives.

Fires destroy standing timber, growing trees, and the potential tree seed crop. They destroy wildlife, deplete water reserves, and damage the soil.

Do your part to help Keep America Green by keeping fires out of our woods.

Dallis Is Best For Summer Grazing

By JAMES TOLER

SUMMER PASTURE MANAGEMENT—Dallis is the best summer grazing crop in Mississippi, but in order to give good grazing and be back next year, proper management is necessary.

While Dallis will grow for 200 days, it should be grazed only 100 days if it is to be good next year.

Although no weeds are growing in Dallis areas, it will pay to mow the area once a month. If Dallis seeds out, it will be tough and cattle will only eat it in spots.

The best method to manage Dallis grass is to alternate grazing once a week. A good way to do this is to divide the pasture area with an electric fence so that while one area is being rested, another can furnish grazing. When the grazing period is over, the electric fence can be pulled up and saved until next year.

Mowing as the summer management feature that should be carried out on every pasture. It helps pastures in three ways. It takes off weeds and bushes, clips off the part the cattle won't eat and have passed up, and helps keep a balance between clovers and grasses.

Cypress weed, one of our worst summer pasture weeds, can be controlled by mowing. By mowing the pasture several times during the summer, the cypress weed root is starved out and the next year there will be a poor growth from cypress weed. If mowing is continued, cypress weed can be eliminated.

If sod has gotten thin and bitter weeds have come in, mowing, again, is the answer. For the first clipping, raise the mower blade. The second time the mower blade should be lowered to get the branches low on the plant.

GARDENING

Plan now to grow a fall garden. Rows recently occupied with spring vegetables are now available for fall crops.

August 1-15 is the time to plant fall Irish potatoes, pole snap beans, set tomato plants or suckers, rutabagas, collards, beets, Swiss chard, carrots and Chinese cabbage.

An adequate sized home garden is worth an average \$75.00 to \$80.00 for each member of a family provided it produces for eight months of a year.

Plan to have your produce from 10 to 12 months and help beat the high cost of living.

HORSE FLY CONTROL

This year's heavy horse fly infestation is causing many dairy farmers as much as 30 to 40 percent decrease in milk production and beef cattle producers as much as three-fourths pound beef gain per animal a day.

The best control for horse flies is an emulsion of one-tenth percent pyrethrum and one percent piperonyl butoxide. This can be bought as "pyrethrene emulsion" and other trade names. The commercial mixture, "pyrethrene" contains one percent pyrethrum and 10 percent piperonyl butoxide.

For horse fly control mix one part of the emulsion with nine parts of water and apply approx-

To Demonstrate Building Septic Tank At Sellers Wednesday, August 1

A demonstration on building a septic tank and installing a sanitary sewerage disposal system will be held on the farm of Paul Lizana, near Sellers School, Wednesday, August 1, by members of the Veterans Farm Training class at Sellers Vocational high school taught by Leroy Shaw.

Farmers, and other interested persons, are invited to meet the veterans at the Sellers School at 2:00 a.m. to hear discussions and see films, which will precede the actual demonstration. At about 1:00 p.m., the group will assemble at the Lizana residence to place forms, mix concrete and cast the septic tank. Sewer and drain tile lines will also be laid to complete the system.

Similar demonstrations are being planned by other veterans' classes in Hancock County, according to D. J. Martin, regular teacher of vocational agriculture at Sellers School. The dates and places of other demonstrations will be announced later.

All of the meetings will follow the same general pattern. Wayne Allison, Sanitation Supervisor for Hancock County Health Department is cooperating with VFTF instructors in planning the location of the septic tanks and laying out the sewerage disposal fields.

These demonstrations are part of a statewide drive launched by the Vocational Division of the State Department of Education through its Veterans Farm Training Program to bring running water and sanitary sewerage systems to Mississippi farms.

H. L. Davis, State Supervisor, Veterans Farm Training, says that State Health Department representatives, under the direction of Dr. Felix J. Underwood, State Health Officer, are cooperating in the undertaking.

VFTF instructors in this county attended demonstrations, which were held over the state, for teachers only. Hugh R. Roberts, regional farm engineer for the Portland Cement Association helped with these meetings, supervising the proper mixing of concrete and casting of the septic tank.

Roberts said by doing the work himself, a farmer can, for about \$500, properly protect his water supply, install a constant pressure pump and kitchen sink, put tub, toilet and lavatory in the bathroom and install a state-approved septic tank system. Portland Cement Association is offering without charge to veterans and other farmers interested in building a septic tank, state-approved designs, and directions for casting the tanks.

These demonstrations are designed to show farmers, particularly veterans, how to do the job thereby enabling them to make this improvement on their farm at the lowest cost.

Members of the veterans class who will take part in the demonstration at the Lizana farm are: Vincent Cowart, George Lott, Homer Brown, Alton Perkins, D. B. Franklin, Arthur Shaw, C. J. Harrell, Cecil Shaw, John Jordan, Howard Shaw, Grady Ladner, G. V. Smith, E. Paul Lizana,

imately one pint to each animal. Apply as a mist to the ends of the hair, not as a driving spray. It is effective for four to five days.

Junior Lizana, Jat T. Smith and C. D. Wahl.

PRE - ELECTION INFORMATION

Compiled By

The League of Women Voters of Bay St. Louis, Mississippi

The League of Women Voters is a non-partisan organization which neither supports nor opposes any candidate. Its purpose is to PROMOTE INTELLIGENT PARTICIPATION of all citizens in their government. In order to compile this information, questionnaires were sent simultaneously to each candidate seeking a County office in the Democratic Primary election, to be held Tuesday, August 7th. Answers to questions regarding personal and political histories have been summarized for the sake of brevity, with strict adherence to the candidates' intent. The platforms of the candidates are given verbatim. This is the first time the League has offered this service to the voters of Hancock County and it sincerely hopes it will prove helpful.

Extend Deadline For Registrants To Enlist In Army

Sgt. Thomas C. Hampton of the U. S. Army and U. S. Air Force Recruiting Station in Gulfport, announced today that the deadline for enlistment of registrants who have received preinduction examination has been extended.

These registrants, most of whom are 20 or older, are now eligible to enlist in the Service of their choice, provided they accomplish enlistment by July 31, 1951. Openings exist in the Regular Army and the United States Air Force.

Sergeant Hampton advises interested young men to inquire or apply for enlistment early, as some administrative delay may be expected. The Sergeant at Bay St. Louis on Friday of each week, with temporary headquarters at the Hancock County Court House.

O P S NEWS

OPS TO SURVIVE GROCERY PRICES THROUGHOUT U. S. The Office of Price Administration has begun a nationwide survey of food prices to lay the basis for a program of price control in communities where prices are high. The first step will be to survey prices of staple and grocery items in wholesale establishments. This will be followed by similar visits to retail stores. Information from individual stores will be held in strict confidence.

The chief purpose of the survey will be to find out if there is enough stability in prices of a number of grocery items to make a community pricing program practicable. Community pricing is a system in which World War II under which the country is divided into relatively small market areas and grocery price ceilings are set for each area on the basis of local transportation and other costs. These ceilings would be the same for all stores of each size class and would be based on costs for consumers, and not on the profit margins of the stores.

OPS officials are fully aware of the fact that a community pricing program can play a role in the solution of the problem of having published ceilings for consumers, and of the great help such a program can be to individual grocers in simplifying their pricing problems. Up to now OPS has been prohibited by law from establishing price ceilings in communities where prices have been stable enough to make the printing and posting of ceiling price charts practicable.

JUKE BOX SERVICES. Service companies which sell juke boxes and records are being asked by OPS to make a list of the names and addresses of all juke box owners in their area. This information will be used to help OPS in its effort to control the juke box industry.

FIFTH TRIAL ADJUSTMENT. OPS announced that the first adjustment of the fifth trial price of deliveries on meat and poultry, as authorized by the National Price Control Act, will be made on August 1, 1951.

WEEKLY NEWS LETTER

by
W. F. BOND, Commissioner State Department Public Welfare

A great many requests are coming in from about over the state as to the relationship of the County Board of Supervisors to the county welfare department.

Under the law, the County Board of Supervisors is required to provide, equip, and pay the running expenses of the county welfare office. The Board is further authorized and empowered to appropriate money out of the general county fund to pay the expenses of the county welfare agent in the discharge of the duties of that office; to provide funds necessary for the protection and care of children in distress in the county; and to appoint a county welfare board of five persons, one from each beat, who together with the county welfare agent shall be responsible for carrying on the welfare work of the county.

Under the law no member of the County Board of Supervisors has any authority whatsoever in saying who shall be put on the old age assistance, needy blind, or needy children payrolls or who shall be taken off any one of these payrolls.

NOTICE TO THE PUBLIC OF INTENTION OF THE STATE MINERAL LEASE COMMISSION TO RECEIVE BIDS ON EXPLORATION, DRILLING AND DEVELOPING OIL, GAS AND OTHER MINERALS IN THE MISSISSIPPI SOUND

Notice is hereby given to the public that the State Mineral Lease Commission of the State of Mississippi is interested in encouraging the development of the Mississippi Sound for oil,

gas and other minerals. The Commission is primarily interested in executing a contract with a reliable firm or company that has sufficient trained men and equipment, and with experience in tideswaters, exploration, development and drilling, looking toward an early development of any undeveloped mineral resources, which, if discovered, would bring much new wealth to our state, and from which would naturally flow many new industries.

Any lease or contract submitted should provide in addition to the geophysical and exploration work stated herein, an agreement to drill immediately, if suitable structures are found, and continue to drill and develop said area as a reasonable and prudent operator, using the proven and accepted methods in this type of mineral development.

Adequate provisions and safeguards will be required in any contract executed by the Commission to properly protect the seafood industry, and those interested therein, and the property rights of the citizens of the Mississippi Gulf Coast.

A substantial cash consideration will be required if any bid contract is accepted by the Commission, but much emphasis will be placed on proper geophysical surveys and exploration, looking toward the drilling of wells in search of oil, gas and other minerals at an early date.

Therefore, notice is hereby given that the State Mineral Lease Commission of the State of Mississippi will meet in the office of the Governor of the State, at Jackson, Mississippi, at 10:00 o'clock a. m. on Friday, August 10, 1951, for the purpose of receiving proposals for the leasing of the Mississippi Sound and other tidal lands of the Mississippi Coast for oil and gas exploration. All parties interested in the development, exploration and leasing of all or part of this area for oil and gas and other minerals are invited to submit in writing said proposals to the Commission at this meeting.

The property offered is described as follows: "The water bottoms in the Mississippi Sound, all bays, tributaries, estuaries, thereto, also the marsh land owned by the State of Mississippi

adjacent to the Bays and Sounds and the Islands and submerged lands which are owned by the State of Mississippi in the Mississippi Sound and the Gulf of Mexico, estimated to contain approximately 800,000 acres."

The Commission is interested in a program of prompt and orderly development of this property, for oil and gas and is not concerned in the matter of a Commercial lease. The right is reserved to reject all proposals. A certified check for the amount of the cash consideration offered must accompany the bid and will be returned in the event the

bid is not accepted.

This the 21 day of July, 1951.
